

BC-03 BODY-WORN CAMERA

BC-03 bodycam delivers ultra-wide angle, full HD video, even in low-light conditions, providing complete situational awareness in critical scenarios.

Always Connected

The BC-03 supports popular networks including dedicated first responder cellular networks for real-time and true live streaming with GPS geo-tracking.

Ultra-Wide ZeroDark

165° diagonal view, with 1080p full HD resolution and HDR, captures ultra-sharp video, even in the night with little light.

In-Field Tagging

Use the convenient and intuitive category wheel to easily categorize videos, with up to 64 incident types, allowing for more specific classifications.

Second Battery

A second battery for longer shift operations and up to 16 hours of recording. No need to stop mid-shift for charging. The second battery may be removed/replaced after it is depleted.

Certified Ruggedness With Advanced Service Exchange

The BC-03 is MIL-STD-810G certified and ready for extreme environments. Should a failure occur, Getac provides “advance exchange” to keep your fleet operating at the maximum level.

Drop the Mic

Pairing the BC-03 with the Getac DVR allows you to replace your wireless microphone, making it a great two-in-one solution, providing better audio quality and reducing equipment for the user to wear.

Specifications

Video Output Format

MP4 (H.264)

Video Output Resolution

1920x1080 (1080p), 1280x720 (720p), 768x432(VGA), 640x480 (VGA)

Video Output Frame Rate

30 fps

FOV (Field of View)

140° Horizontal / 165° Diagonal

Storage

64 GB

Communication

Wi-Fi 802.11 b/g/n/ac

Bluetooth LE
