

UTILITIES

**RUGGED COMPUTING THAT BOOSTS YOUR
PRODUCTIVITY AND DRIVES EFFICIENCY**

FIELD SERVICE / FACILITY MANAGEMENT

MOBILE GIS, SURVEYING AND MAPPING

Getac solutions support powerful mobile Geographic Information Systems (GIS), enabling the display of surveying and mapping schematics, making intricate planning activities fast and efficient. Hot swappable batteries eliminate device downtime.

ON-SITE SAFETY

ATEX and ANSI certified devices protect those working in hazardous explosive atmospheres. Certified to meet MILSTD-810H & IP67, Getac devices are rugged enough to withstand on-site conditions.

WORKFORCE MANAGEMENT

Hot swappable batteries and good connectivity, through Wi-Fi or 5G, will maintain constant and ubiquitous access to workforce activity and respond quickly to incidents and requests.

GREEN ENERGY

With the ability to transfer or update information and reports in real-time from remote areas, Getac rugged portable devices are ideally suited to wind or solar farm maintenance.

GETAC V110
3D EXPERIENCE

ASSET MANAGEMENT

As powerful Windows and Android platforms, Getac devices are ideal for managing asset lifecycles, maintenance, and infrastructure planning, among other tasks.

SMART METER READINGS AND INSTALLATION

Getac devices possess the ruggedness, processing power and connectivity to facilitate Smart Meter job allocation, installation, and routine checks in any weather conditions.

TRANSMISSION AND DISTRIBUTION

Maintain visibility of maps and data in bright sunlight with Getac sunlight readable displays, up to 1400-nit.
