### **Getac to showcase latest rugged innovations for the defence sector at Eurosatory 2022**

**Telford, UK, May, 2022:** Getac, a leading global manufacturer of rugged technology and solutions for the defence sector, is pleased to announce it will be exhibiting at [Eurosatory 2022](#), from 13-17<sup>th</sup> June at the Paris Nord Villepinte Exhibition Center, France.

Taking place every two years, Eurosatory is the number one exhibition for defence and security around the world. The 'must-attend' show brings 1,800 exhibitors, 57,000+ visitors and 700 journalists together under one roof, to see latest technology innovations, exchange ideas, and develop new commercial partnerships for the future.

Visitors to Getac's stand (HALL 5A - H732) will be able to meet with its defence experts and get hands on with its latest range of powerful rugged devices, designed to meet the demands of modern day defence professionals and their mission-critical tasks. These include the next-generation [F110](#) fully rugged tablet and the highly-advanced 5G compatible [B360/B360 Pro](#) fully rugged laptops, all which will be available to view and demo in-person.

"Following its cancellation in 2020 due to the pandemic, we are excited to once again be returning to Eurosatory this year," said Paul Waddilove, Getac. "Getac has over 30 years of experience in rugged innovation for the defence sector and our latest range of tablets and notebooks lets defence professionals everywhere find the ideal solution for their specific needs, whatever they may be. As the world's leading defence and security show, Eurosatory offers the ideal platform to showcase what our solutions can do, and we look forward to doing so in Paris very soon."
